# Telecommunication infrastructure and multimedia service provider of CHOICE

## INTRODUCTION

SACOFA SDN BHD was incorporated on 11 July 2001 with its prime objectives to build and expand the provision of telecommunication network infrastructure throughout Sarawak. Sarawak State Government through various state entities owns 84.88% of the shares of the company while Celcom (Malaysia) Berhad owns the remaining 15.12%.

## VISION

Telecommunication Infrastructure and Multimedia Service Provider of CHOICE.

## MISSION

Sacofa aims to be an excellent organisation delivering quality services by focusing on the following objectives:

- Highest level of Customers' Satisfaction
- Highest Value of return to stakeholders
- Nurture conducive environment for Employees' career development
- Instill perpetuity business relationship with Partners
- Excellent Corporate Citizenship

## MAJOR OPERATING LICENCES

Network Facilities Licence (No. NFP/1/2000/23)  
Network Services Licence (No. NSP/1/2000/25)  
Application Services Provider Licence (Class)

## SHAREHOLDERS

State Financial Secretary (Inc.)  
Celcom (Malaysia) Berhad  
Sarawak Information Systems Sdn Bhd  
Yayasan Sarawak  
PASB Technology Sdn Bhd

## PRODUCT & SERVICES

### Tower Space

Sacofa was granted an exclusive rights by the State Government in 2002 to erect, own and manage telecommunication towers and structures in Sarawak for a period of 20 years.

Sacofa has deployed towers and monopoles ranging from 50ft to 400ft and will continue to deploy more structures to meet future demand.

### Leased Circuits

Sacofa owns & operates an extensive on-land fibre network within Sarawak as well as an optical fibre submarine cable system connecting Sarawak and Peninsular Malaysia.

Our five Operation & Maintenance Centres in Kuching, Sibul, Bintulu, Miri & Mersing enable us to provide fast response and thus achieving high network availability.

Our state-of-the-art fiber optic network delivers seamless services utilizing DWDM & SDH technology.

We offer leased circuits in the capacity of:

- 2Mbps (E1)
- 34Mbps or 45Mbps
- 155Mbps (STM-1)
- 622Mbps (STM-4)
- 2488Mbps (STM-16)
- 10Gbps (STM-64)

We are ready to serve the following:

- Telcos
- Broadcasters
- Managed Network Providers
- Corporate
- Government

Our services feature of:

- Committed Service Level
- Competitive Pricing
- Fast response
- Flexible & innovative packaging
